

### **Call for Applications: Opportunity for PhD Students in Biotherapies**

Are you a PhD student in the field of biotherapies, including cell therapy, gene therapy, or immunotherapy? Do not miss the opportunity to attend the **Annual Congress of the French Society of Cell and Gene Therapy**, taking place from **March 19 to 21, 2025**, at the beautiful Domaine du Haut Carré, near Bordeaux. This congress will bring together internationally renowned speakers who will share their latest research findings in these rapidly advancing fields.

#### **Participation details:**

- You must be a member of the French Society of Cell and Gene Therapy. **Membership is free for students.**
- **Congress registration is also free** for student members who submit an abstract.
- Abstract submission deadline: **February 1, 2025.**
- Presentation format: Poster or oral presentation (depending on selection).

#### **Take this opportunity:**

**Ten PhD students will be selected based on the abstracts they submit. Selected students will receive reimbursement for travel and accommodation costs up to 500 euros.**

Don't miss this chance to present your work, engage with leading experts, and meet your peers in a stimulating scientific environment. For more information and to submit your abstract, visit the French Society of Cell and Gene Therapy website (<https://www.sftcg.fr/annual-congress>).
