ST-JEROME

Joelle Pieret : Gestionnaire Scolarité

Contact : joelle-pieret@univ-amu.fr

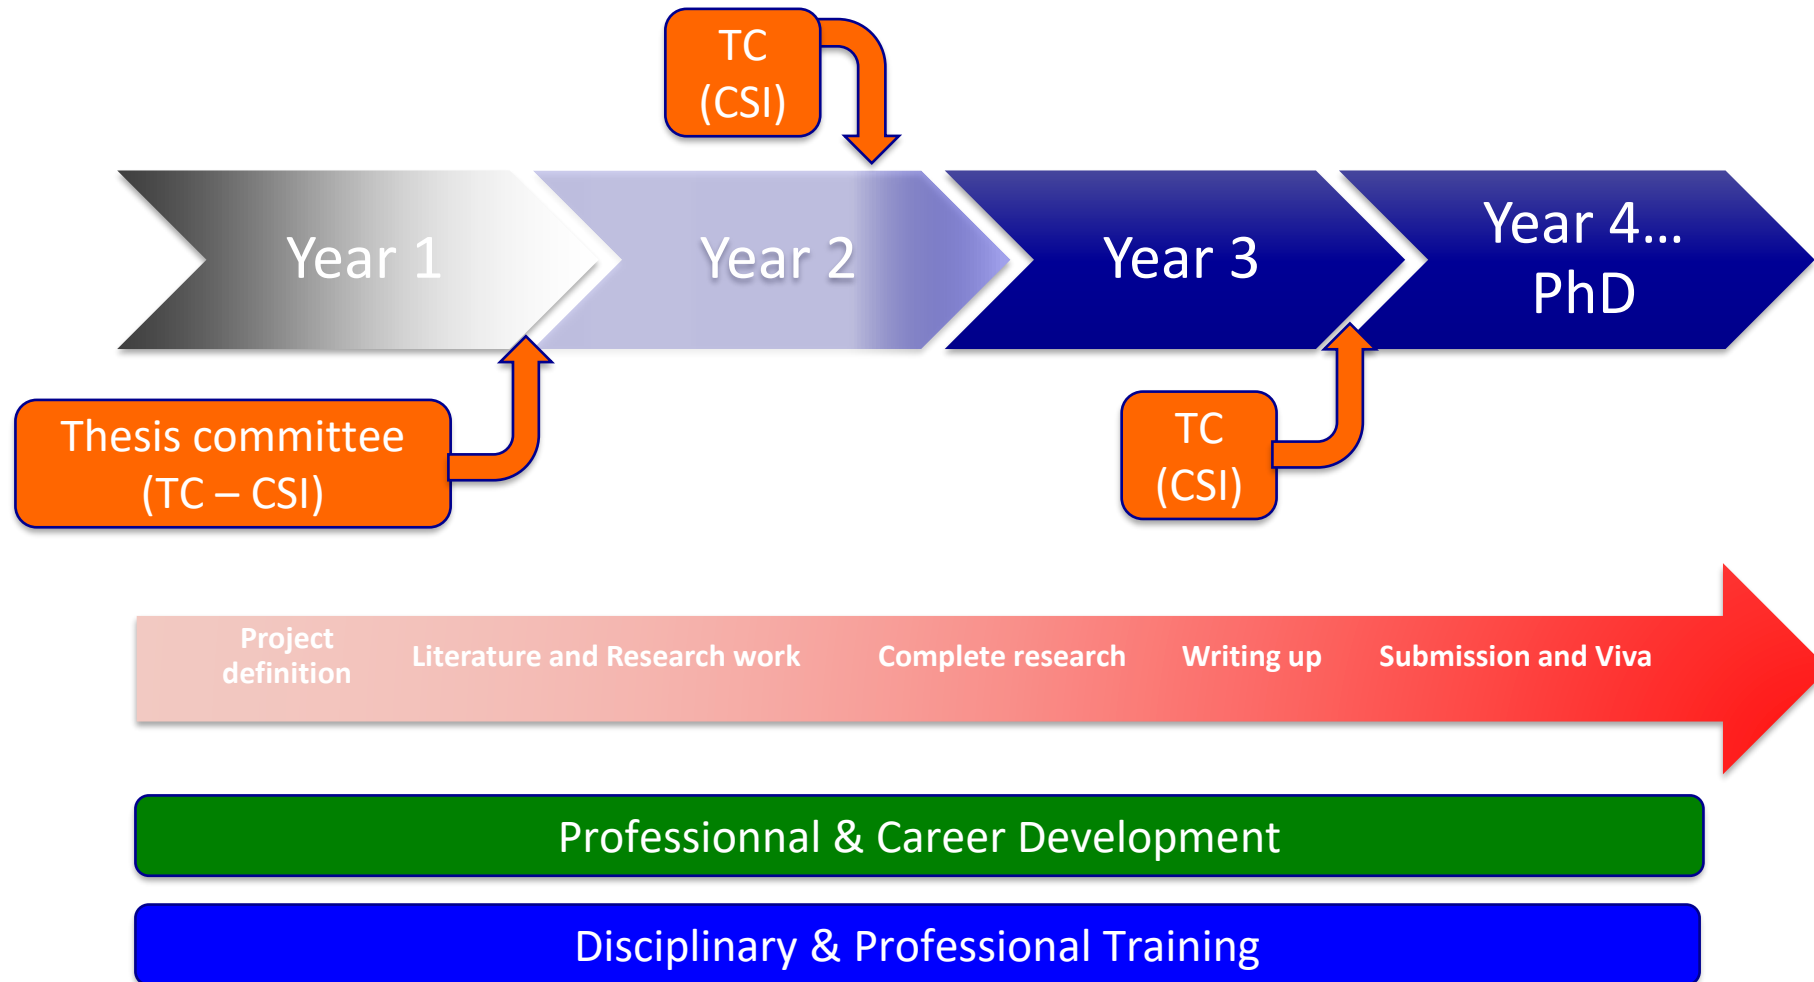

BASIC INFORMATION :

Most of the information can be found on the ED website :

<https://ecole-doctorale-658.univ-amu.fr/fr>

The screenshot shows the website for the Doctoral School of Life Sciences (ED 658) at Aix-Marseille University. The header includes the amU logo and the text "École Doctorale Sciences du vivant ED 658". A navigation menu is open, listing various sections: Accueil, À propos, Futur doctorant, Doctorant, Docteur, Liens utiles, Annuaire, and Contact. The Doctorant section is expanded, showing options like Réinscription, Comité de suivi individuel, Formations Doctorales, Soutenance de thèse, and Journée de rentrée des nouveaux doctorants 25/26. Below the menu, there are buttons for various research fields: Biochimie Structurale, Bio-inf, Biologie du Cancer, Biologie d, Biologie Végétale, Biotechnolo, and Microbiologie et interactions hôte-. A large image of a colorful biological specimen is visible on the left. The main content area features a welcome message: "Bienvenue sur l'École Doctorale" and a paragraph describing the school's mission: "L'École Doctorale 658, dédiée à l'insertion de recherche de haut niveau propose des formations dans les domaines des Sciences du vivant. Nos programmes incluent des enseignements disciplinaires et transversaux, ainsi que des ateliers pratiques pour une meilleure insertion professionnelle." A button labeled "En savoir plus" is located at the bottom.

TIMELINE OF A PhD

THESIS COMMITTEE (CSI) :

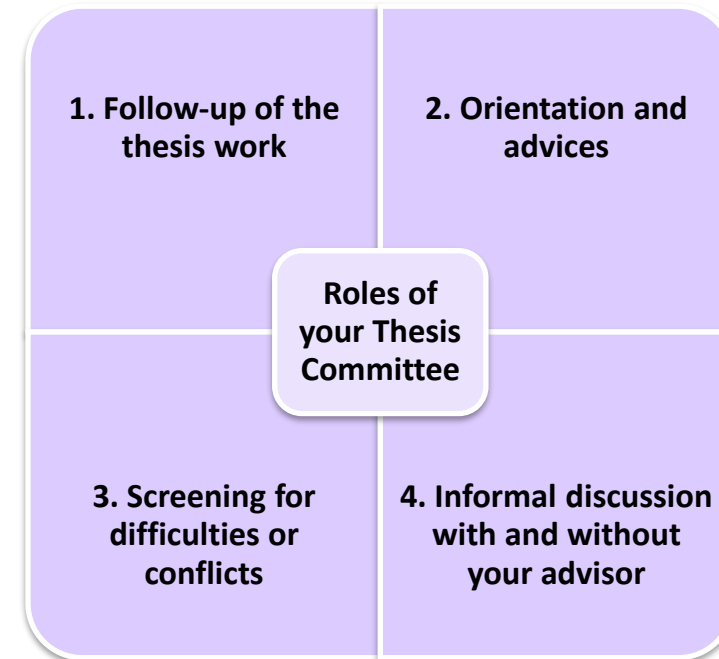

- **Composition: 2 members or more + supervisor**

Expert of your thesis topic

NON-expert of your thesis topic

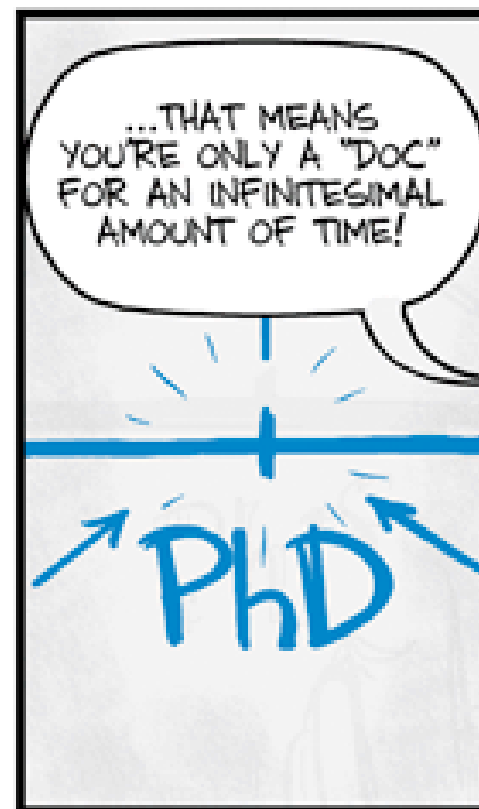

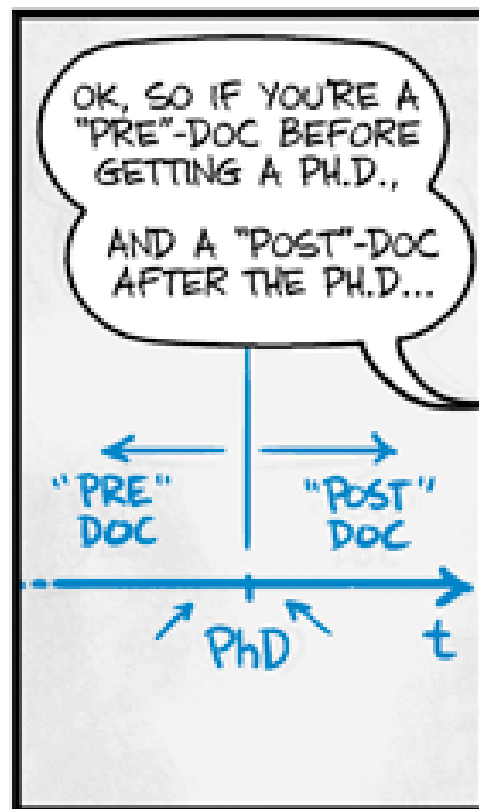

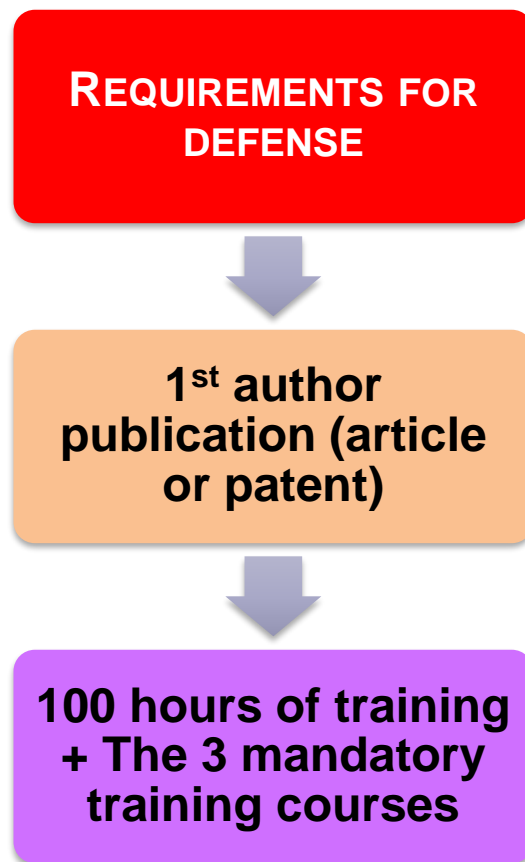

- **You and your supervisor must sign the CSI report each year**
- **The CSI model is available on the website**

A thesis committee, what for?

!! REQUIRED TO RENEW YOUR ANNUAL REGISTRATION !!

OBJECTIVE AT THE END OF 3/4 YEARS: PhD Defense

Mandatory trainings for PhD students

**These courses must be completed during the first year of the doctoral program
All sessions are listed on ADUM, and pre-registration is required**

1

Research ethics

2

Scientific Integrity

3

Open Sciences

PROFESSIONAL / TRANSVERSAL TRAINING: a career planning

 Doctoriales du Vivarais
Doctoral School (e.g. teaching innovative methods)

 x*Mars Université
Doctoral Collegium (e.g. Doctoriales, CV, IP,)

 Société Neurosciences
Laboratories (e.g. Semaine du Cerveau, Sciences et Société, ...)

 GRAND
External trainings (e.g. Association Grand Luminy, ...)

Minimum **50 hours** per professional and transversal training over the 3 years

PhD Programs: if your specialty belong to a PhD program, you must be enrolled in it

- 1 Organized by laboratories in synergy with the Doctoral School
- 2 Eventually supported by external sources of fundings, providing opportunities for student mobility
- 3 Providing training, tutored seminars, technological training, all validated by the doctoral school

PhD Program in
microbiology

YOU MAY PARTICIPATE TO THE DOCTORAL SCHOOL LIFE

As a member

- PhD associations
- Doctoral school council

As an organizer

- Second year symposium

As a participant

- Activities of the doctoral school and/or doctoral collegium
